

# ΕΠΙΔΕΡΜΙΑ

Πανελλήνιος Σύλλογος Ασθενών με Ψωρίαση και Ψωριασική Αρθρίτιδα

Dear IDEOM board,

I would like to thank you for the invitation to the IDEOM Washington DC meeting 2019 .

The total meeting was outstanding. This year the presentations were understandable for the foreigners patients like us. The "satisfaction report" for psoriasis and the discussion on this were very interesting. The scientific reports of the second day help us increase our knowledge. We have to mention the present of the FDA's that gave us all the last updates. Furthermore, all the representatives were very comprehensible as always. All the organization was perfect and for that I would like to give extra credits to Amanda who was more than helpful, before and during the meeting.

Thank you one more time,

Sincerely,

On behalf of the Board of Epidermia,

Eirinaios Vamvkousis

Treasurer
